news letter.

SUPERINTENDENT'S CORNER

We are seeing a growing trend in the fall where temperatures are staying warmer longer and rainfall is becoming almost nonexistent. On one hand, this is a great thing for playing golf in the fall. On the other hand, it makes maintaining a golf course a little bit harder. Regardless, what we do in the fall is particularly important for the golf course in the spring. Things like aerification, seeding and fertilizing are not necessarily all that is beneficial to the golf course in the fall but are particularly important to the golf course come spring.

We are currently in the process of mowing the native grasses both on the golf course and around the community. Though it may seem we have left areas that still need to be trimmed, I assure you that we will get to everything sooner or later. We also have many other projects in the works for the fall and the winter that include drainage, minor irrigation installation and tree work that will keep our limited staff quite busy.

As always, if you have something that needs to be addressed in the community please contact Cate in the office and she will pass along the information to me.

HOLIDAY LIGHTING REGULATIONS

Thank you to everyone who participated in the recent survey on our community lake! The information you shared will be valuable as the POA and the Lake Committee are planning for the future.

With the holiday season upon us, I wanted to take a moment to remind everyone of our community regulations on holiday lighting and decorations. As stated in our community regulations, holiday lights and decorations may be displayed on the exterior of any Residence only during the period beginning forty-five (45) days prior to and ending twenty-one (21) days after the applicable holiday and such decorations must be removed prior to the expiration of such period.

If you are planning a family gathering this holiday season or are looking for a host site for a holiday party/event, contact Jessica Munce at the Tavern on the Moor and we'd love to serve as your host!

FROM YOUR POA OFFICE TEAM

Thank you for your patience as we continue improving our billing and dues collection processes. We know it's been an adjustment, but we're making great progress and appreciate your understanding.

As previously mentioned above, annual assessment notices for 2026 will be sent in mid-November by both mail and email to ensure everyone receives theirs. Each notice will include payment options and deadlines—please review them carefully before making your payment.

As always, our POA Office team is happy to help with any questions you may have. We truly appreciate your cooperation and continued support—it makes all the difference in keeping our community strong and connected!

Sincerely,

Your Poa Office Team!
